What are people saying about our new women’s vests?

“The Wild Hare Women’s Comfort Fit Mesh Vest is one of my favorite vests I have shot in for several reasons. The vest fit to my body in a comfortable and flattering fashion being cut to fit a woman’s body and having elastic to be form fitting. I felt like I looked great while still being able to have all the range of motion I needed. The smaller arm holes and stiffer fabric of the vest did not hinder my mobility but rather kept the vest in place on my body while I was shooting. The adjustable belt in the back is also so nice so I can continue to have the fitted vest feel whether I am wearing one layer or four.”
